

Flu Bug U
Radio Script
11/20/06

(Announcer) Welcome to Flu Bug University. We now join Professor Green's Influenza Germ 101 class.

**(Professor) Attention!
What are the best ways to spread the flu?**

(Flu Bug) Make sure people sneeze in their hands and forget to wash them!

(Professor) Excellent!

(Flu Bug) Get people to go to work and to school when they're SICK!

(Professor) Perfect!

(Flu Bug) Keep people from getting flu shots!

(Professor) RIGHT! If people do that, those things will kill us flu bugs for sure!

(Announcer) This flu season, don't let the flu bug you. Brought to you by the Kansas Department of Health and Environment.
